

## **Farrell Butler**

### **Bio**

Hi, my name is Farrell Butler. My wife and I bought our first home here in HTL in 2007. We have loved living here and enjoy the community. My wife and I have two kids, and I have two step kids from my wife and a grand baby. Our kids have grown up in this community their whole lives one has already graduated from Normangee ISD and is now attending Sam Houston University. The other one is currently a Senior at Normangee High School. My two step kids graduated from Madisonville High School. One just recently graduated from TSTC in Waco and the other one is a dental/hygiene assistant in Oklahoma, which is where my grand baby also resides.

I enjoy spending time with my family and friends fishing, and hunting at our South Texas deer lease and our deer lease closer to home in Thornton. I also enjoy going on vacations when we get the chance to places like the Frio River and the Bahamas.

I have worked in the Oil & Gas industry for 20+ years, which includes companies with Hanover, Bear Cub Energy, XTO Energy & Exxon Mobil (with whom I was a plant supervisor until Exxon sold to Hilcorp Energy), which is who I currently work for now. I have done many projects for Exxon Mobil, such as traveling to Canada & South Dakota to help start up new plants.
